

# Welcome to the family!

Thank you for choosing Bells Bumz. By purchasing our products you are supporting a whole family of small businesses that are working together to make cloth nappies accessible and affordable.

We really care about the environment and the people in our production chain, so our nappies are ethically made in China and transported by road and rail to the UK where possible. We do not use packaging for our nappies or accessories and these care cards are made from recyclable, chlorine free, Bio-top paper.
